### CAMPING AND GROUNDS USE INFORMATION

Please enter the Fairgrounds via the west entrance, closest to Fleet Farm. The match director or another club member will be there to direct you and check you in after 4pm on Friday. If you are planning on arriving after 10pm, please contact the match director ahead of time for instructions on stalling your horse and camping.

Overnight camping is available on Friday and Saturday night. All horses on the grounds overnight must be stalled at the request of the Fairgrounds. The Fairgrounds is located in a busy retail area with a lot of traffic, this request is for the safety of the horses and to reduce the possibility of a horse getting loose overnight. No horses are allowed in the campgrounds area or the Historical Society area of the Fairgrounds. Horses may only be in the area north of the arena and west of the pond, you may not ride your horse throughout the Fairgrounds. If you are camping, you must unload your horse at the stall barn before proceeding to the campground area if you wish to camp there. Overnight primitive camping is allowed just to the west of the horse barn, but space is limited, this is also the day parking area. The campgrounds with electrical hookups are located to the north and west of the arena beyond the pond.

Primitive camping (no electrical hookup) is \$20 per night per rig

Electrical hookups with 35Amp (you need to provide a downsizer) are \$25 per night

Electrical hookups with 50Amp are \$30 per night

Stalls (required for all horses staying overnight) are \$15 for the weekend

Shavings are not provided or available on the grounds, please bring your own or go next door to Fleet Farm to buy them.

All camping, parking, stalls, and any other area used by our event must be left in the same condition it was found when you leave. Garbage receptacles and manure dumping stations will be available.
